Contenu

Un gang d'adolescents fait face à une invasion de féroces extraterrestres. Leur affrontement transforme une cité de Londres en une cour de récréation futuriste, un immeuble en une forteresse assiégée et des zonards en héros...

Revue de la presse

An infectiously larky extraterrestrial invasion movie that respects the genre conventions while spicing the brew with distinctive local flavor. -- HOLLYWOOD REPORTER This film from the producers of "Shaun of the Dead" is a sprint through mean streets with minimal but very effective special effects. -- ORLANDO SENTINEL Brit comedian-TV presenter Joe Cornish emerges fully formed as an exciting new writer-helmer with his enormously appealing debut feature. -- VARIETY Cornish has made a very accomplished debut; an exuberant genre mash-up, part sci-fi, part action movie, part comedy, executed with tremendous energy and flair. -- UNCUT MAGAZINE UK Attack The Block is fun, complex, scary, gory, hilarious and thrilling. -- SceneStealers It's an absolut blast. -- BOSTONEVENTGUIDE.COM
